FARO Structural Survey 2023

Dear FARO council members,

We are pleased to announce that we will be conducting a structural survey of FARO participating countries.

Please fill out the form below and submit it to us by July 4th.

We would like one of the council members from your country to answer this survey.

We will present the final reports of this survey at the FARO-KOSRO meeting in October.

Thank you.

With best regards,

Yasushi Nagata, MD, PhD, FACR
Secretary General
Federation of Asian Organization for Radiation Oncology (FARO)
E-mail: faro.secretariat@hotmail.com

0. Basic Information

1. 0-1. The Name of Organization *

Mark only one oval.

- Bangladesh Society of Radiation Oncologists (BSRO)
- Chinese Society of Therapeutic Radiation Oncology (CSTRO)
- Association of Radiation Oncologists of India (AROI)
- Indonesian Radiation Oncology Society (IROS)
- Japanese Society for Radiation Oncology (JASTRO)
- Korean Society for Radiation Oncology (KOSRO)
- Malaysian Oncological Society (MOS)
- Mongolian Society for Radiation Oncology (MOSTRO)
- Myanmar Society for Radiation Oncology (MSTRO)
- Pakistan Society of Clinical Oncology (PSCO)
- Philippine Radiation Oncology Society (PROS)
- Singapore Radiological Society (SRS)
- The Sri Lanka College of Oncologists (SLCO)
- Thai Association of Radiation Oncology (THASTRO)

2. 0-2. Responder's name *

__________________________________________
1. Radiation Oncologists

4. 1-1. How many years does it take to get a medical doctor license after enrollment in medical school?

5. 1-2. How many medical students graduate per year in your country? *
   Please provide the number from January to December 2022.

6. 1-3. Are there any certification system for radiation oncologists? *
   
   Mark only one oval.

   ○ Yes
   ○ No

7. 1-4. How long is the training period to become a certified radiation oncologists? *

8. 1-5. What age does a person become certified radiation oncologist (at earliest)? *

9. 1-6. How many certified radiation oncologists were there in your country in 2022? *

10. 1-7. If you have any data on "working" radiation oncologists, * please provide.

11. 1-8. How many radiation oncologists are newly certified per year in 2022? *
2. Other Medical Staffs

12. 2-1. Are there any certification systems for medical physicists? *

*Mark only one oval.*

- Yes
- No

13. 2-2. How many certified medical physicists were there in your country in 2022? *

14. 2-3. If you have any data on working medical physicists, * please provide.

15. 2-4. How many medical physicists are newly certified * per year in 2022?

16. 2-5. Are there any certification system for radiation therapy technologists? *

*Mark only one oval.*

- Yes
- No

17. 2-6. How many certified radiation therapy technologists * were there in your country in 2022?

18. 2-7. If you have any data on working radiation therapy technologists, please provide. *

19. 2-8. How many radiation therapy technologists are newly certified per year in 2022? *

### 3. Facilities & Equipments

</table>
30. 3-11. How many Boron-neutron capture therapy (BNCT) machines do you have in your country? *

31. 3-12. How many MRI-LINACs do you have in your country? *

32. 3-13. How many MRI-Cobalt machines do you have in your country? *

33. 3-14. How many Hyperthermia machines do you have in your country? *

34. 3-15. How many Image-guided brachytherapy (IGBT) systems do you have in your country? *

35. 3-16. How many Gamma Knife systems do you have in your country? *

4. Techniques

36. 4-1. How many institutes are doing Intensity Modulated Radiation Therapy (IMRT) in your country? *

37. 4-2. How many institutes are doing Stereotactic Body Radiation Therapy (SBRT) in your country? *

38. 4-3. How many institutes are doing Stereotactic Radio Surgery (SRS) or Stereotactic Radiation Therapy (SRT) in your country? *
5. Patients Statistics in Your Country

Please indicate the situation for one year between 2018 and 2022. If you are answering for a year other than 2022, please indicate it in the answer column what year it is.

39. 5-1. How many new cancer patients were there in a year? *

________________________________________________________________________

5-2. What were the top 5 cancer patients in a year?

40. 5-2-1. 1st *

________________________________________________________________________

41. 5-2-2. 2nd *

________________________________________________________________________

42. 5-2-3. 3rd *

________________________________________________________________________

43. 5-2-4. 4th *

________________________________________________________________________

44. 5-2-5. 5th *

________________________________________________________________________

5-3. What were the top 5 cancer patients for men in a year?

45. 5-3-1. 1st *

________________________________________________________________________

46. 5-3-2. 2nd *

________________________________________________________________________
47. 5-3-3. 3rd *

48. 5-3-4. 4th *

49. 5-3-5. 5th *

5-4. What were the top 5 cancer patients for women in a year?

50. 5-4-1. 1st *

51. 5-4-2. 2nd *

52. 5-4-3. 3rd *

53. 5-4-4. 4th *

54. 5-4-5. 5th *

55. 5-5. How many cancer patients were treated with radiotherapy in a year? *

5-6. How many below cancer patients were treated with radiotherapy in a year?
56. 5-6-1. Breast *

57. 5-6-2. Prostate *

58. 5-6-3. Lung *

59. 5-6-4. Stomach *

60. 5-6-5. Esophagus *

61. 5-6-7. Cervix *

62. 5-6-8. Liver *

63. 5-6-9. Colo-rectum *

64. 5-6-10. Brain *

5-6-11. Head & Neck

65. 5-6-11-1. Larynx *
5-6-11-2. Tongue *

5-6-11-3. Oral cavity except tongue *

5-6-11-4. Nasopharynx *

5-6-11-5. Oropharynx *

5-6-11-6. Hypopharynx *

5-6-11-7. Paranasal sinus *

5-6-12. Lymphoma *

5-7. What were the top 5 cancer patients treated with radiotherapy for men in a year?

5-7-1. 1st *

5-7-2. 2nd *

5-7-3. 3rd *
76. 5-7-4. 4th *

77. 5-7-5. 5th *

5-8. What were the top 5 cancer patients treated with radiotherapy for women in a year?

78. 5-8-1. 1st *

79. 5-8-2. 2nd *

80. 5-8-3. 3rd *

81. 5-8-4. 4th *

82. 5-8-5. 5th *
